ANNUAL CHRISTMAS HAMPERS

Once again we are collecting donations for our Bumper Christmas Hamper Raffles to be drawn at the final meeting of the year.

Please bring a couple of items of Christmas Goodies to the next meetings or run you participate in, something you would like to win!

We do ask you not to dig out that old can of "whatever" from your pantry that is well past it's use by date.

All donations will be gratefully appreciated, so the next time you are out shopping pop an extra couple of items in your basket for these raffles.

Thank you, Social Director - Georgina

Presidents Report

Hi Everyone,

As usual there is a fair bit going on so I'm going dot point to keep it organised;

- We still have a committee vacancy for VP. 360 members yet we can't fill all the committee positions - really?
- The November run was a goodun. It was a hot day and the "moonshine run" navigation was a little interesting but good fun was had along the way and at The Kingfisher Cafe at Kearney's Springs. The management and staff at the cafe did an outstanding job to cater so well and promptly for such a large group. Great food!
- Next on the club calendar is the Christmas Party. It's less than a week away as I type and may well be over by the time you read this. It's always a good night so I'm looking forward to the socialising.
- Our Christmas Raffles are traditionally bigger than our usual meeting raffles, relying on members donations to fill up Santa's stocking. Please bring some good stuff to the November or even the December meeting to be raffled off for a bit of fun and to help the club finances. Georgina (Social Director) will be looking after this.
- Planning for the 2019 State Concours will start very soon. Volunteers will be needed in the first instance to form a Concours Committee in January to make the big decisions to get this important event moving towards the big day in September 2019.

There's never a dull moment - I hope to see you soon.

Cheers,

Chris

Hi Folk

I'm still trying to source photographs for the cover of our monthly Mustang News.

This month sees the last of the photos of members and their car that I have and I have delved way back to my growing file of MOCA Photos for the shot of the "Mustangs with the Mustang".

It was a great initiative of Past VP Barry in supplying me with photos of Members and their Pride and Joy for the magazine covers, and I would like to see this continue.

Failing getting more photos from you the Members, I will have to resort to a more generic cover design that will not change from month to month.

Search your photo albums guys and let's see what we can get.

We have been having some difficulty over the past couple of months with Australia Post and our longstanding Post Office Box. If you know of any of anyone or have had any difficulty with receiving answers to your mail please try again to get in touch with us via that method.. Australia Post have assured us that everything is now back to normal!

In the meantime have a look at this link from the Facebook page of Kingfisher Cafe of the November Run.

Cheers - Robyn M

November 4th Club Run

Hi members,

The mustangs rumbled into the BP on this warm morning, the weather was a little warmer than usual, and I hoped we would have no overheating issues, as this was a "moonshine" route, comprising of mainly back roads

With the prelims completed we headed off out on to the motorway towards Toowoomba, we turned left toward Amberley and then on towards Grandchester / Laidley. We had a pitstop at Laidley, and a few of the members took the time to check out the Narda Lagoon from the suspension bridge

After our little rest we were off again, along the rural roads through some of the best farming land around. There we quite a few turns on this route and with the use of the two-way radios we managed to regroup without losing anybody. We left the farmland and headed up through the Flagstone Valley, this was a slow sector as the road narrowed for washaways, instead of zooming through the countryside one had time to take in the scenery, soon back on wide comfortable roads. Air conditioning was back to "full"

On arrival at Kings Café Restaurant, the prearranged parking was very much appreciated as we had 22 cars to park, a special lawn area was opened up and we carefully manoeuvred cars over a disused garden bed, The cars looked fantastic corralled on the lawn surrounded by the gardens.

With the steeds all quiet it was time to settle down for lunch, all 46 of us. As the meals were pre ordered it was a relaxed event with no queues to deal with; the excellent meals were delivered in a timely manner. A big thank you to the venue and staff

I would like to thank all the helpers for making this another great run.

How *HENRY FORD* Came To The Decision To Build The V8 Engine

When Henry Ford introduced his new V8 engine in 1932 he delivered something that the experts had said was impossible. A single casting V8 engine in a car at a price that the general public could afford. Although the correct name is an L-Head engine, the Ford Flathead made news and was an instant hit when it was introduced to the public on March 31st 1932. All V8 engines that have appeared in competitors' products since Ford introduced his V8 engine were made in response to the Ford marketing challenge.

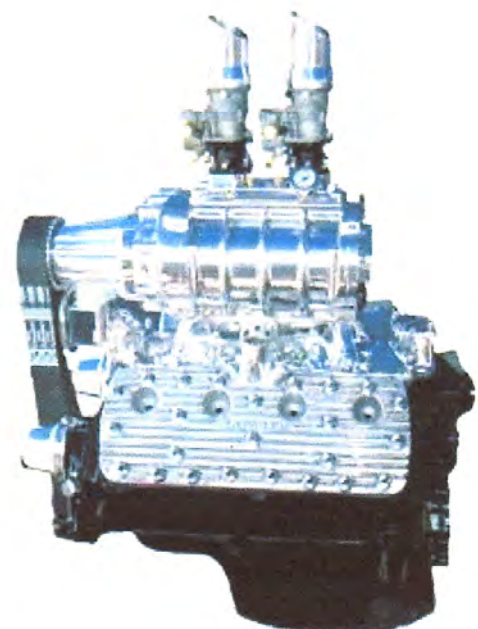

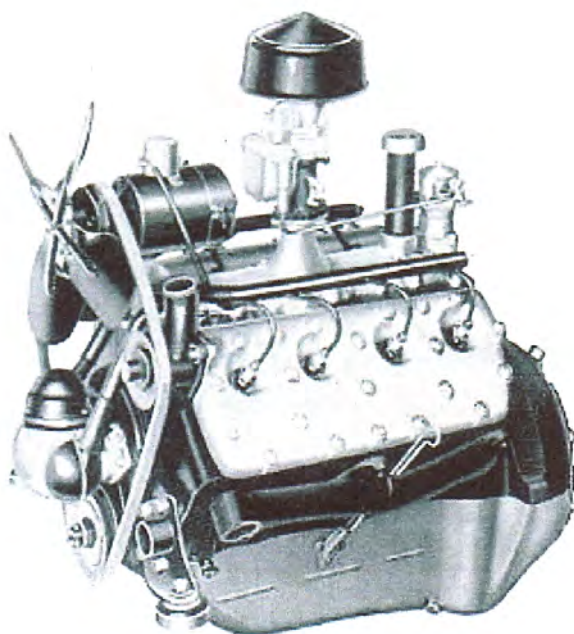

The fact is, the Ford Flathead V8 is enjoying something of a resurgence in popularity these days with the hot rod magazines devoting quite a bit of press to them. This is remarkable considering that the last US built Flathead Ford V8 was built in 1953. Over 60 years ago! Why the interest?

The engine is simple in construction when compared to modern engines, parts are still plentiful and relatively easy to find. In addition, many performance parts makers such as Eddlebrock and Offenhauser still make parts for this venerable engine. Even superchargers are still available for the Ford Flathead V8! You can really make this engine perform, and to top it off, most of the standard engine parts are still available.

Why did Henry Ford introduce a V8 engine at the height of the Depression? Very simple, Henry was losing sales to Chevrolet. Chevrolet had introduced a six cylinder engine and was selling more cars as a result. Henry Ford didn't like six cylinder engines. In his early attempts at building a six, he came upon what appeared to be insurmountable problems. The crankshafts were long and prone to breaking. As a result old Henry swore that he'd never build another six cylinder engine (he eventually did, but only at the insistence of his son Edsel.) Ford's reasoning was that if he did match Chevrolet's six with a Ford designed six, he would be an industry follower and not a leader. So Ford tasked his engineers with designing and building a reasonably priced V8 engine.

Thanks to "Henry,s Hometown Herald " for allowing us to reproduce their article. The Author is ANON.

Mid-Week, Mid-Month Run - Wednesday 14th November 2018
Belvedere Hotel, Woody Point, Redcliffe

What a way to end a wonderful year of mid-week, mid-month runs! We had glorious weather, 14 magnificent Mustangs, water views, great company and fabulous food. We even celebrated the 50th birthday of Paul and Sharon Gold's Mustang. What more could a MOCA Qld member ask for? The Belvedere staff made us very welcome with complimentary garlic bread starters. Each meal that was served received an enthusiastic thumbs up. This venue is one to remember and return to.

Les and Bev have worked tirelessly all year to find different and interesting places to visit and they should be highly commended on the great job they do. We've enjoyed each and every run and had quite a few laughs along the way. Thank you both for the fantastic job you do and, no pressure Les, but we're looking forward to another fabulous year of mid-week, mid-month runs in 2019.

28 September 2018

Dear Car Enthusiasts,

On behalf of the Rotary Club of Fassifern Valley, I am writing to acknowledge your support and kind donations to our club, in aid of drought relief in Queensland. Over the past month, we have received many donations to this very worthy cause and final figures have now been calculated. As a club, we would like to see these donations spread throughout western Queensland and have decided to distribute these funds through the Rotary Clubs of Charleville and Longreach.

Both clubs have provided information on how the funds are distributed to drought affected farmers, with both systems having flow on effects for the whole of their communities.

We are very pleased to announce that through donations and support of A Day in the Country, together with contributions from our club, we have raised a total of \$6000.

As a club, we have decided to allocate \$3000 each to both the Rotary Club of Charleville and the Rotary Club of Longreach.

The Rotary Club of Fassifern Valley look forward to a continued association with your club on our next Day in the Country event on 25 August 2019.

Yours in Rotary Service,

Aleeta Wozencroft
Club Secretary

Thank you to Jean Vincent for
passing this on for publication.

TESTED ON ANIMALS

INTRODUCING OUR LATEST AUSTRALIAN MADE CREATIONS

BOSS GLOSS

Our speedy detailer which leaves an epic shine and perfectly slick finish.

LAZY WAX

The fastest and easiest way to wax your car, ideal for time poor and lazy enthusiasts.

RUBBER OFF

Effortlessly cleans racing rubber marks from your car. Your best mate at track days.

NANOLICIOUS WASH

Our dream wash, that took our chemists over two years to develop and perfect.

DEVELOPED AND PERFECTED ON ALL OUR BEASTS

The AC Shelby Cobra is one of the many animals we test our car care formulations on. It can take months, even years of evaluating and reformulating before we approve any product. Each formulation is a handmade creation of the highest quality, to ensure you receive a product that you will love to use as it beautifies, nourishes and protects your car from Australia's harsh climate. We are an Australian family owned company, who live and breathe the car culture, so you can be assured you are getting nothing but the best when using anything with our name on it.

We tried everything. We now make our own.
