MUSTANG OWNERS CLUB AUSTRALIA (QLD) INC
GENERAL MONTHLY MEETING MINUTES: 23rd October 2019

MEETING OPENED: 7. 40 pm

The Secretary welcomed members and read our mission statement. She then advised the members present that was as far as we were able to proceed as we had no President or Vice-President. After some spirited discussions she then tabled a letter from Alan Messenger which stated that he would serve as a caretaker president if we had a vice president who would be able to support him in his absences due to his work commitments. Neil de San Miguel proposed that we would accept Alan's offer & Ric Dunford seconded the motion. Passed by the majority present. Sue Clark then nominated Ed Callander for the position of Vice-President seconded by John Binge. Ed was asked if he would accept the nomination. With a yes answer and the approval of the majority of members present, Ed was duly elected. As Alan was absent Ed then took over the running of the meeting.

Ed spoke about the poor showing of members at meetings and the unwillingness of members to put their hands up to help run the club. We need to be moving forward with members joining with their new Mustangs. Neil de San Miguel concurred with Ed as run numbers are also dwindling and with the time not to mention the cost of fuel taken to organise these runs, it is disappointing to Neil to see a poor turnout. It was also mentioned that if the club were to fold, all members with SIVS registration would have to upgrade their registration or join other clubs as it is a condition of SIVS that you are a financial member of said club. It would be a sorry day if these events were to occur as a lot of members put in a lot of effort to get the club to its current solid base.

MIDWEEK RUNS: David Irving broached the subject that the midweek runs seem to be impacting on our official club runs on the 1st Sunday of the month. After some discussion Roger offered to approach members attending these runs and ask them to attend our monthly meetings. If there is a reason why they have stopped coming, we would love to be able to discuss it, and hopefully solve the problem.

NATIONAL CONCOURS: The National Concours in Queensland will be in 2021. We will present our event on the Sunday night next year at the Adelaide Nationals. A committee needed to be formed to organise this event and the following members volunteered their services: Sue & Ken Clark, Margaret Moran, John Turner, Ed Callander, Roger Sparnon, Marice & Ray Saunders & Neil de San Miguel. Yo Holst offered to be our merchandiser for the event.

MAINTENANCE: It was voted that we contact our plumber to fix the drainage problem from the sink & back gutter. When that is done, we can fix the back wall which is slowly subsiding.

BREAK IN: Robyn advised the meeting that she had a phone call from the Sprite Club regarding items stolen from their locked cupboard downstairs. She asked for an itemised account of the missing items for insurance purposes but has not received this yet.

RAFFLES: 1st Robyn Messenger, 2nd Yo Holst, 3rd Garry Stubbs

Next Meeting: 27th November @ 7.30pm

Meeting Closed @ 9.50pm

Presidents Report

Hello to all in MOCA Queensland,

Writing a Presidents report after only being in the role for a few days and only attending one management committee meeting is quite a task. What do I tell you without boring you silly?

I have been a member of MOCA (QLD) for 12 years, during that time I have owned 5 Mustangs, carried out a bare metal rebuild on one and built an AC Cobra (It's a Shelby so it nearly qualifies). I currently have two Mustangs, a 64 ½ convertible that is in concours condition and a 2017 GT, but I am thinking of building a special Mustang if I ever get time. If I am available, I also serve as a Judge at State and National Concours'.

So much for my car interests.

Even though I have retired several times I keep on being lured back into the workforce by challenging jobs around the world! As a result, I am out of the country at least 2 out of every 4 weeks. The story I tell myself as to the reasons I keep working are, the jobs I take on are a real challenge, I am developing young engineers in a foreign country and the salary I get allows me to take Robyn on at least one holiday a year to an exotic location somewhere on the planet.

Now to the Club; it is not the committees club it is every members club, you joined the club for any number of reasons but you must remember it is your club and to get the most out of it you must put something back into it. Don't sit up the back during meetings and comment on how things are not going how you want them, PLEASE share these thoughts with the rest of us and if enough of us like the idea then we may be able to do something about it. Or worse still don't come to meetings or runs and still make comments that the club is not catering to your needs, again we don't know what they are.

In closing it takes more than 8 people to operate the club, to provide YOU the members with the support and activities you would like. Bearing this in mind can I ask you to help from time to time? I am not asking you to take over an office bearers' job, but a helping hand will be more than welcome.

NOVEMBER CLUB RUN

Hi members,

The cars were on the blocks for this run, I arrived a tad late, to 30 odd mustangs ready to cruise, a quick pre run chat and we hit the road, down through Waterford, and along the Tambourine ranges, we were lucky with only a little light rain falling which eased to patchy and eventually cleared.

We passed through Wongawallen, Mt Nathan, Worongary, Gilston, Tallai. Every now and then a window view across the range or to the coast would open up, the lucky passengers got the best view of these panoramas

Traffic was very light today which makes for easy driving, try to keep the pack together, remember two by two thought the lights is a must, I missed a turn which split the cars up, however we all managed to arrive at the Destination. It's nice to hear members say I have lived in this area for a long time and have never travelled "that" road.

Wow! is a bit of an understatement for the display we were to enjoy, our Host I'll call him B (as there is a degree of privacy that is requested) welcomed all the members as they arrived, the street became a mini mustang display.

B had laid out morning snacks with tea or coffee provided, soon we were ushered through each "garage" with B giving us the run down on his collection, of cars plates, assorted lights, hub caps, etc. The work B has put into this display is truly a fantastic effort. The oldest car was a 1907 ford, and I think the youngest was an EK Holden,

As B would not take any entrance fee, so I asked if he minded that I asked the members for a gold coin donation which I would give to a charity on his behalf, we raised \$128.00, thank to members!

On behalf of the club give B a big thank you for sharing his passion and amazing collection of motoring art.

I wished we could have spent more time with B, but the lunch bell was ringing, and we departed to cruise off to Kirra Hotel, Parking was hunt 'n find, and before long we settled down in AC comfort for a Lazy lunch.

Thank you to my helpers in creating another great mustang run

Prize winners for the day were:

Harry & Carolyn Steinheuer

Delegates Report

Dating certificate

Some clubs are having their dating cert, declined because they do not have varication of their club being Incorporated and they will accept a Incorporated file number from Consumer Affairs which is easily attached with the club letter head. The group elected not to bother even though there is no effort in adding the number. Better than having the letter rejected?

I have asked that they add to the easy to use website ;- Special Interest Vehicle Scheme Guide

These are the current rules covered in other parts of the TMR rules.

SEAT BELTS

Where a vehicle is registered without seat belts. :-

A person under 16 years or under cannot be transported.

Babies and children cannot be transported.

RIDE SHARE Formals, Weddings and Birthdays

Put in list of requirements

Driver Accreditation

Vehicle Inspection

Right Hand Drive

Ride Share Rego. / Insurance

Register for Taxation

Also add an old section Frequently Asked Questions [this was a Q & A section]

Russell joined the meeting from on the phone from Victoria to ask for details on upgrading of tow vehicles GVM and they said all states are to have a meeting mid next year hoping to have all states on the same page. ????

As the requirement for LH dipping Headlight was in the old LO2 inspection be for 1st Rego in Australia It is now not needed, and the safety cert. person must check that the lights do not DAZZLE oncoming traffic. But it is not in his check list. [How would you check Dazzle????]

Mid-Week, Mid-Month Run Wednesday 13 November, 2019 Old Fernvale Bakery Café

On a hot, hazy, smoky day, 9 impressive Mustangs, 1 Toyotastang and 1 Hondastang risked the conditions to set off for the run to the very old historic, Old Fernvale Bakery Café where we were joined by another 2 Mustangs to bring our numbers up to 22 for the lunch.

We were very pleased to welcome a new member, Gary Rickerby, when we met at the BP Archerfield. On the run to the bakery the lead cars seemed to be disappearing into the smoky haze but fortunately there were no fires near the highway. However, the scenery was very disturbing as there was not a blade of green visible in the many kilometres we travelled.

The bakery staff were ready for us and very welcoming as they took our orders which were processed very quickly despite the numbers and the extensive menu options presented to us. It was a relaxing lunch in the air-conditioning surrounded by lots of very old historic photos, memorabilia and good friends.

Thanks to everyone who shared in this run and lunch with us.

Thanks to Jean and Tony Vincent for organising this enjoyable run.

Some of the Motor Recreational Activities currently enjoyed by Queenslanders are:

- ☐ Recreational flying.
- ☐ Engine powered models - including boats, aircraft, cars and now drone racing.
- ☐ Social or Marque car clubs - there are at least 183 registered car clubs in SEQ estimated to service more than 150,000 members.
- ☐ Competitive car clubs - these are venue based, known as Speedway, Drags and Circuit (including go-karting), and non-venue based, such as rallying.
- ☐ Circuit racing and historical motorcycle clubs.
- ☐ Recreational and charity ride days.
- ☐ Dirt motorcycle or motor cross clubs.

In undertaking this inquiry, the Committee should consider:

- a. The economic impact of the motor recreation industry to Queensland, including opportunities to grow the industry to create jobs for Queenslanders;*
- b. The contribution of the industry to Queensland's tourism sector and opportunities to grow Queensland's share of the motor recreation tourism market;*
- c. The legislative, regulatory and policy framework in which the industry operates in all levels of government, and options for reform;*
- d. Options to improve the safety of all industry participants;*
- e. The impact on youth training and community engagement from motor recreational activities, including mental health outcomes;*
- f. The impact of the industry on road safety outcomes;*
- g. Challenges facing the industry and the role of government in supporting the industry to continue creating jobs for Queenslanders;*
- h. Other issues that arise as agreed upon by the Committee.*

Article on Research being carried out by Tony Kilvington from SA printed in the MUSTANG SA in May 2019.

I have been undertaking some research on Mustangs that were imported to Australia in 1966 and converted to RHD by Ford Australia for the local market. My investigations have taken me to Colin Falso (MOCA VIC) who has been trying to identify these vehicles for years and through his Facebook page (refer link below) has been able to make contact with numerous people who have owned an Australian converted Mustang from that program and accordingly Colin has commenced a registry.

<https://www.facebook.com/Ford-Australia-Delivered-Mustangs-1965-66-1418216338415425/>

Colin advises that of the 209 Mustangs that were part of the official Ford Australia Import Program, 48 were 1965 Hardtops and 161 were 1966 Hardtops all beginning life as conventional Metuchen-built and serialized export cars before being shipped, fully assembled, to Australia, where they were converted and renumbered.

For instance, the VIN 6T07C165347 which was a 1966 Hardtop, Wimbledon White exterior, Red interior, 289-2V, C4-Automatic and Axle 2.80:1 open rear, assembled on 6 December 1965, was shipped "down under" to become AA07FY65347 in February 1966. The breakdown of the code is:

A = Product source region – Australia

A = Assembly Plant – Homebush Aust

07 = Body Type – Coupe/Hardtop

F = 1966

Y = February

65347 = Last 5 digits of the production unit number off the assembly line

A plate was installed on the right (now the driver's side) door sill declaring the vehicles "Made by Ford Australia", and another "Australian Compliance Plate" was affixed to the firewall.

No other body style was part of the official Ford Australia Import program for the launch of the V8 XR Falcon. However, there were other body styles and hardtops imported and converted to RHD by either Ford or sub-contractors but they were special imports by dealers/for Ford executives etc.

All the Mustangs imported under this program had a VIN that commenced with "5T07" and "6T07" with the DSO code of 90 – EXPORT.

A sample of the information we have found is as follows:

AA07FY41563 / 6T07C141563

(C-code 289-2v, C-4 Auto Transmission, Axle 2:80-1, DSO 95, Owner reported as Barry Brown Australia – Barry and Ruth Brown are current SA members)

AA07FY65343 / 6T07C165343

(C-code 289-2v, C-4 Auto Transmission, Axle 2:80-1, DSO 95, Owner reported as John Nixon Australia – QLD member)

AA07FY75316 / 6T07C175316

(C-code 289-2v, C-4 Auto Transmission, Axle 2:80-1, DSO 95, Owner reported as Colleen Lucas Melville Australia – WA member)

AA07FY75330 / 6T07C175330

(C-code 289-2v, C-4 Auto Transmission, Axle 2:80-1, DSO 95, Owner reported as Denis Deguara Australia)

So what I am doing at the minute is to extend the data we have on all Mustangs in the Club and I will be seeking your data plate or label from your Mustang to update Club records to identify Australian built Mustangs for Colin's registry and for future reference when the story of Mustangs across Australia is written. If you are not sure whether I have your data plate details on record, take a pic of the plate/label on the edge of the left hand door and SMS to me on 0401 123 931 or email tony.kilvington@gmail.com as it will be greatly appreciated.

Cheers Tony Kilvington

## **HOW TO STAY YOUNG**

1. Try everything twice.

On one woman's tombstone she said she wanted this epitaph:  
"Tried everything twice. Loved it both times!"

2. Keep only cheerful friends.

The grouches pull you down.

(Keep this in mind if you are one of those grouches)

3. Keep learning:

Learn more about the computer, crafts, gardening, whatever...

Never let the brain get idle. 'An idle mind is the devil's work shop.'

And the devil's name is Alzheimer's!

4. Enjoy the simple things.

# MOCA NATIONALS 2020 – PAINTED SILOS RUN TO ADELAIDE

**Sunday 5<sup>th</sup> April to Sunday 19th April 2020**

Come and join the fun participating in a 15 day (14 night) roadtrip to Adelaide and back for the 2020 Mustang Nationals.

We will visit many smaller country towns along the way and admire their local artwork adorning water tanks, silos and some buildings. We even get to a lap of Mount Panorama on our return leg. Speed limit is strictly 60 kph or risk significant contribution to the NSW Govt. We will also check out the museum at Murray's Corner.

We travel through 4 states covering on average 450km per travel day. The journey to Glenelg will take 5 days, with 4 days in Glenelg followed by a 6 day return. The complete roadtrip will add a little more than 5000km to your pony's odometer.

Accommodation whilst travelling will be on average around \$120 per night. This doesn't include accommodation for Glenelg as that is booked separately through the South Australian club.

10 queen rooms have been held at each overnight stop, multiple bed rooms are available just let me know what you require when confirming your attendance.

All those interested in being part of this memorable run please contact me on the details below.

### SHAGAMITTASTIC WASH MITT

### WET DREAMS

## DEVELOPED AND PERFECTED ON ALL OUR BEASTS

Our 1965 rally spec GT350 is one of the many animals we test our car care formulations on. It can take months, even years of evaluating and reformulating before we approve any product. Each formulation is a handmade creation of the highest quality, to ensure you receive a product that you will love to use as it beautifies, nourishes and protects your car from Australia's harsh climate. We are an Australian family owned company, who live and breathe the car culture, so you can be assured you are getting nothing but the best when using anything with our name on it.

**We tried everything. We now make our own.**
