SECRETARY

President's Report

Hi everyone,

Welcome back from the Christmas / New Year break. I don't have a lot to report at this time of year, so this report is mainly about thanking everyone from our club who contributes to ensure we all have a good time at our meetings, runs and events.

The behind the scenes stuff that has to be done can sometimes seem a bit daunting, particularly for big things like the Christmas Party or Concours and the regular recurring things like runs and publishing the magazine. The club members who regularly organise these things do a great job. I know the club would not be the same without their efforts and I don't think I thank them often enough. Please pitch in to help whenever you can.

We have a new Vice President as I'm sure you have noticed in the minutes from the December meeting. Jack Hall resigned at the end of November and the committee appointed Barry Lane to fill the position until the next election. I tried to talk Jack into continuing but I also respect his decision to resign. My thanks to Jack for his efforts and to Barry for taking on the responsibility.

The January club run included almost 100 people in more than 45 Mustangs. A great turnout and an excellent start to the club year. The February and March run details are in this magazine, so please 'opt in' by RSVP to get the pony out of the barn and join the fun.

Cheers,
Chris.

From the Desk of the Editor

Happy New Year to All!

You may notice the new format for the Mustang News this month, I'm trying out a new publishing program.

I encourage members to submit articles for potential use in the magazine, I look forward to receiving varied articles whether about cars, good eateries or cooking.

I look forward to working with everyone to bring a new face and content to each monthly edition.

Cheers
Robyn Messenger

Proposal to Change the MOCA Monthly Club Run Date

The vote on this issue at the January 2018 meeting is intended to enable us to move forward, putting this brief disruption behind us and getting on with promoting and enjoying our Club, our cars and the friendships we have made. We will respect and enact the majority decision.

The proposal will be; that we change the monthly club run date from the first Sunday to the third Sunday of each month. Once this motion is moved and seconded, all members present will be asked to vote by a show of hands as usual.

The voting format for this issue/proposal has changed based on discussions and input from members at the November meeting. This is not a constitutional change so it does not require a postal vote to include all members. It is a proposal that will affect quite a few members who do not always attend the monthly meetings, so the vote has been held over until January to afford these members the opportunity to attend the meeting or to proxy vote by email. Emails shall be sent to a committee member no later than 17 January 2018, one week before the meeting, so they can be collated and tallied. Emails received after the cut-off will not be counted. The email proxy votes will be added to the show of hands result but will not be shown or discussed before the show of hands.

Points for the Proposal:

1. Changing the date of the MOCA(Qld) Inc. monthly club run will allow those who are also financial members of the Pony Car Club to attend most runs conducted by both clubs.
2. Changing the run date may increase MOCA membership by encouraging more 'dual members' from the Pony Car Club.
3. The September run would no longer conflict with some family commitments on Father's Day, likewise the October run would not be on a long weekend.

Points against the Proposal:

1. MOCA and the Pony Car Club are not affiliated in any way and follow different Constitutional Rules including Objectives. We should consider the objectives and members of our club ahead of other clubs and their membership.
2. Changing the club run date was proposed at the Annual General Meeting of the Pony Car Club approximately 4 to 5 years ago. The proposal was voted on at that meeting and was solidly defeated.
3. MOCA club runs have been on the first Sunday for 30+ years. Why dispense with a tradition that remains popular and still works well? A good example is the Fathers Day Run on the first Sunday in September. This is usually one of our biggest runs, often attracting 80 to 100 members.
4. There are approximately a dozen members (plus partners) who are members of both MOCA and the Pony Car Club. It is a group of these members who are most interested to change the MOCA run date.
5. If we change from the first Sunday it may impact on some of our members who might also be members of other clubs that use the third Sunday as their run day. Changing to suit some may disadvantage others.

The Annual Fish n Chip Run is always a popular run, this year the mustang weather maker looked after us with a clear day, and no looming storm on the horizon.

The RSVP's were a little late coming in but on this event, I don't mind as it is catch "your own" event.

I was heading to be on time after a late bit of work on the steed, I did however arrive on time to find a great number of cars already parked up, I enlisted Carmen to help with the raffle tickets, what a blessing, thank you Carmen as we had a big group and thanks to Ray for assisting with registration,

I called the members in for the prestart, it was good to see a few new faces lining up. With the prestart completed I suggested that the members could move around in the group as we were motoring and to use more than one lane to stay together. We soon headed off, it is always a challenge for me to get the rumbling herd out of the paddock as a group, on this occasion I used the roundabout loop to get all the cars rolling, it seemed to work. The traffic was flowing freely on the motorway which was great and we made good time.

My eldest son had come along with his new camera and I suggested that if anyone wanted a rolling shot to come along side, we ended up with some great shots, I will send them out when sorted.

The bump-ins from the BP joined us as we swept by and soon there was a snake line of mustangs cruising the off ramp to Bribie.

The first turn off the bridge was missed by a few members, but they all found their way, and soon the V8 rumble of 45 mustangs and couple of daily drivers subsided and table and chairs were setup,

Another big thank you to the early "land" grabbers who claimed the shade area for us. Fish n chip orders were placed and we settled in. A couple of members enjoyed a refreshing dip in the water while waiting for their orders

The Sylvan Beach Seafood Café coped well with 98 members being served. Although there was a bit of a wait, they did a sterling job, even providing gluten free Fish and Calamari for some members. My grilled Bara was delicious,

The raffles were drawn, yarns exchanged and the numbers dwindled as the members headed off

A big thank you to the members that came and enjoyed the day

Prize winners for the day were,

From the Desk of the Vice President

I came into this Club approximately 5 years ago and entered as Vice President. I should never have done this, as I had zero credibility back then. Some have been so kind as to say that I gained credibility over time. Positions I have held have been from the top table to the back of the room, as Barman, and recently I served as a Concours committee member and am proud to say that it was the most successful one this Club has ever had, which was partially attributed to my sharing of a long list of contacts I have within the Logan area.

I reflect back on why I wanted to become a member of this Club:

1. To learn about the Mustang
2. To meet like-minded people

Since then, I have definitely learnt a lot about Mustangs. Club Members have supported me in gaining knowledge. Also I have met a lot of people and have even been fortunate in gaining some friendships – sadly, some of those people have turned their back on attending Club meetings. My goal is to get them back! Some recent issues are starting to cause some dissent and division within the membership.

Chris, our President, made the call and asked me if I would like to step back into the VP role until the next election. I did not jump at this – in fact it took me 4 days to make my decision. My decision is to support the President and to make suggestions / recommendations to the Management committee.

At this point, I am not motivated to be the President nor even stand for a role at the next election. I am motivated to assist and support in uniting all Club Members to come together, through the expertise I have gained by being in other clubs, organisations and as a recent employer. I will set out to achieve this, to the best of my ability, through:

- The development and implementation of a Club “Mission Statement”, to support our Club’s friendly culture.
- Refocus Club members on wearing of name badges at all meetings, events and car runs, at all times.
- To assist in leading our Club to be “all encompassing” where all members and their families feel welcomed and equally respected.
- To improve relationships with other car clubs, where we are known as a friendly, welcoming Club.
- To listen to all members concerns and viewpoints, then guide decisions made to reflect fairness to all Club members.
- To complete a “VP comments” section in our Club’s monthly Newsletter.

A quote that I saw in a club recently, while attending a social event, attracted my eye and got me thinking about how it could benefit club members, by themselves asking this question when they read the following quote.

*“If every club member was just like me,
What sort of Club would we be?”*

Looking forward to working with everyone in the New Year. Happy New Year everybody!

Regards

Barry Lane

Vice President – MOCA Qld.

MISSION STATEMENT:

Hello fellow members,

We would like to develop and implement a Club Mission Statement, to support our Club's friendly culture and revisit what we do as a Club – What is our Mission? What do we stand for?

The Mission Statement when agreed upon will appear in our Club House, on the website, on the cover of the Constitution and on the front cover of each edition of our Club Magazine.

So what are we here for?

We need your help and would love to hear from you with your thoughts about what should be included in our Mission Statement.

To start thought processes and as mentioned in my VP comments, I became a member to

- 1. Learn about the Ford Mustang*
- 2. Meet like-minded people*

The Mission Statement must be a brief, generic, objective statement. So come on let's hear from everyone – you have an opportunity to share your thoughts and contribute.

We will gather all input then present a statement for all to consider and agree upon at the February meeting.

Please send your ideas and input to mocaqld.vicepresident@gmail.com

Look forward to receiving your input.

NAME BADGES:

We would like to refocus all Club members attention back on to wearing name badges at all meetings, events and car runs at all times.

No one Club member knows every other Club members name. Wearing your name badge at all MOCA meeting and events, breaks down barriers and will assist in remembering others names and will make us a more friendly Club both internally (between ourselves) and externally (with members of the public we come in contact with).

An example overheard at a recent Club meeting:

"Hey mate, do you know the name of the couple standing over there talking to Chris? I should know them but I've forgotten their names. I was introduced to them once and I was hopeful you would know their names before they came over here. I don't want to be embarrassed."

"Sorry mate I can't help you. I can't remember – haven't got a clue what their names are. Guess I am going to be embarrassed too!"

This situation could have been easily avoided if we all wore our name badges. By the way, neither of the Club members having the above discussion were wearing their name badges either!

You are encouraged to wear your name badge at all meetings, events and car runs. Watch how more friendly we all become with each other by doing this one simple act.

Barry Lane

Ford Mustang 1969 Sports Roof. Colour: Indian Fire Red. FMX Transmission. Windsor 351 2V Engine. Power Brakes. Power Steering, Tilt a way steering wheel. Exterior Decor Group. Sports deck rear seat. White clarion knit vinyl decor bucket seats.

So when and where did you purchase your Mustang:

"In June 2011, the weekend of Coolly Rocks from a private seller in Helensvale. We had been looking for two years. The Mustang was advertised - we liked the colour and the interior, we took it for a test drive and did the deal. The seller was a collector of muscle cars and was building a very large house to accommodate his very large collection of muscle cars. A bit of extra money was required and he decided to sell off some of his cars. We fell in love with the Mustang straight away after the long road to finding the perfect Mustang for us"

What motivated you to buy your Mustang:

"By now our family was older and we were going to a lot more car shows and had more time on our hands we decided now was the time to fulfil one of our dreams to own a classic Mustang and 69 was the magic year for us"

Work in Progress – what have you done to your Mustang:

"We decided to buy a car that was already completed, originally we thought about a project but decided we did not have the time to do this as we wanted to enjoy the Mustang straight away. I carry out my own routine maintenance and have had a couple of jobs carried out by sponsors of the MOCQ Club. Western Suburbs Automatics and Restored Classics. We recently fitted new tyres prior to our trip to Wollongong as the tyres on the Mustang had plenty of tread but were aged and unreliable"

What do you enjoy about your Mustang:

"The freedom, the feel and the joy of driving a classic Mustang and the appreciation of other drivers on the road"

When and why did you join MOCA Qld:

"We joined in September 2011 and we wanted to be associated with like-minded people and enjoy the camaraderie that comes by joining a car club. At our first meeting we sat amongst everyone and had previously noted on the club website the name Martin Schmidt, having worked with a Martin Schmidt in Melbourne over 20 years ago, I did not think it possible that it would be the same person. When hearing a voice in the room without turning around I knew without a doubt it was the one and only Martin Schmidt"

What do you enjoy about being in MOCA Qld:

"It is amazing how one car can bring so many people together. We enjoy the runs and the company it provides for us and the many friends we have made. Some of the highlights for us has been the 2014 trip to the USA for the 50th anniversary. The Nationals on the Gold Coast and the Nationals at Wollongong"

Luxury Car Tax Article

Printed in Courier Mail 5th January 2018

From John Greene

Joyce revs up bid to axe tariff on imported cars

THE Federal Government has opened the door to axing the tariff on imported new cars amid mounting calls for action on Australia's road toll.

Peak motoring and road safety groups argue that the 5 per cent import tariff and the Luxury Car Tax, originally designed to protect the domestic car industry, are redundant now Ford, Toyota and Holden have stopped manufacturing in Australia.

The Australian Automobile Association has called on the Government to scrap both in this year's Budget to encourage drivers to buy new cars with better safety features.

Budget documents show

the Government expects to make \$2 billion in revenue over the forward estimates from the import tax alone, but Deputy Prime Minister Barnaby Joyce yesterday said scrapping the tariff was "an idea of merit".

"It requires discussions with Cabinet and discussions with the expenditure review committee but it does have merit," he told ABC radio.

The admission comes amid growing calls for action on Australia's shocking road toll after a series of fatal crashes over the Christmas and New Year period.

More than 1200 people died on Australian roads last year.

Several Members at our Annual Fish n Chip Run expressed an interest in the hats worn by our President Chris, as well as Allan Rogers and Alan Messenger.

These hats have a high Solar protection, are very light, easily packable and we can get them embroidered with the "Gallopings" Pony as shown here.

If interested in purchasing one of these hats please contact our Merchandising Officer - Yo Holst on Mobile 0412 004 042 or by Emailing her at holstyolande9@gmail.com

CLUB RUN CALENDAR

The Club calendar is designed to assist members planning ahead for designated runs and Club related activities. Clubman of the Year points are assigned for these events. The Club Run is generally held on the 1st Sunday of each month with a "rain date" set for the following Sunday. If for any reason there is a change to an advertised run, details will be in the Coming Events page on the Club website at www.qld.mustang.org.au.

The Club Calendar lists designated events / activities and these are therefore recognised as sanctioned Club Runs. Points towards Clubman of the Year are only awarded for attendance at the official 1st Sunday of the month Run (or Saturday where appropriate).
