#### **GENERAL BUSINESS**

Chris congratulated the following in the running for Clubman of the Year ..equal 3<sup>rd</sup> were Gordon Bartils and John Binge, 2<sup>nd</sup> was Robert Consoli and Russell Whitney won the award. Chris congratulated Russell and presented him with the trophy.

Chris has changed the break time to 15 minutes now.

Discussion on this years Concours, Rocklea Showgrounds is temporarily booked for last Sunday in August. We need to re-invent our Concours to attract more people, there is a swap meet and car show there this coming weekend and Karin and Graeme Fleming are attending and will take photos and send them in so we can see how it is set up. It was discussed we hold a swap meet at the Concours and Gordon Bartils said it would be difficult for members to participate as they would have to take their items in their clean mustang and some members have jobs to do on the day and could not man their site. Vic Newland suggested we use prize money in the Show'n'Shine section of the event to attract car owners, this was thought to be a great idea. Also there was a suggestion to have someone there to do Dyno tuning. A subcommittee for the State Concours will be selected in the near future.

Gordon Bartils suggested we hold a swap meet at the Clubhouse and a barbecue, Chris put it to the floor and it was voted by the members to hold it at the end of March.

Barry Lane told the members he was given a couple of Dick Johnson Racing hot laps by the guy who does Barry's hearing aids, and will do an article for the magazine, some members got excited as they thought Barry was donating it.

Sandra Whitney spoke about Ronald McDonald House needing food and personal items for their houses they provide to families with sick children in hospital. Later on in the meeting Jean Vincent asked if we were going to do anything to help and it was decided that we place their requirements in our magazine and Robyn will put on the website and hopefully our members will contribute. Some of our members have had to use the services these homes provide. Sandra will send list to Robyn for publication.

#### **RAFFLES**

## Feb 2017 President's Report

Surely summer must be over by now, or are we just over summer. Driving a Mustang is always fun regardless of the weather, heavy rain excepted, but I am looking forward to the midday heat backing off a bit so the social side of Mustanging becomes more comfortable.

We have a few runs, events and other things coming up that will benefit from the passing of summer. The website and this magazine have details for the next couple of runs, a few events of interest and the intra-club swap meet. All should be good fun.

Our biggest event of the year will be the State Concours in late August or mid-September. This will also be our biggest fund raiser of the year, benefiting the club and a deserving charity. There will be a call for volunteers/nominations at the February meeting to select an organising committee to make this event the best it can be. Your contributions of time, effort and expertise will always be appreciated and are vital to the success of this kind of event and the club in general, so please stick up your hand and give it a go.

I hope to see you soon.

Cheers,  
Chris

*HAPPY SNAPS FROM THE FEBRUARY RUN*

## February Redland Bay Hotel Lunch Run

You cannot always have the ideal weather for a club run and Sunday was one of those days, it was one of those hot, hot days!

The members rolled in the meeting point, the newer mustangs all arrived with the windows up, Humph, the comforts of modern motoring were being enjoyed by the lucky ones.

Today's runs took us through suburban streets, highways and rural backroads, we were on Old Cleveland in the left lane in preparation for a right hand turn when I saw new black mustang zooming up the left lane, a quick over shoulder check established it was not a club member, phew!! I thought we were going to have a new run leader, and I was hoping that no one followed her, lucky no one did.

We were motoring along nicely until we came across a "L" driver behind a push bike, and the uninformed instructor would not allow the driver to overtake on double lines even when it was safe to do so. This is allowed under the revised Qld road rules, so we ambled along at 15kph for what seemed like forever. I was wondering what the tail ender thought of this new cruise speed, eventually the "L" turned off and we were back to the speed limit.

Arriving at the hotel earlier was great as we had easy parking for the 32 cars. The hotel is very popular and the carpark was soon filled, so we settled in trying to cool off with a few cold drinks. It was great to see non-members come over to say hello after admiring the cars, a couple were ex members from NSW who enjoyed a catch-up with people they knew.

Lunch trays came and went, meals consumed, it was hard to cool down as the breeze was non-existent. All the meals looked great, thank you to chef

1964. Ford let the Mustang out of the stable in 1964, and within the first 18 months of sales, over 1 million cars were sold!

**Which Mustang model did Steve McQueen drive in the classic movie "BULLITT"?**

1968 Fastback. McQueen drove the 1968 390 Fastback in "BULLITT". I admit to owning the DVD only for the infamous chase scene.

Market Lane will be humming with fabulous traders, and the Stage will play host to the Wild, Wild West Pet Parade, Tamborine's Got Talent, a roving Calypso band, artists, and some wonderful presentation from Tamborine's very own Terri Taylor from Tamborine Mountain Cooking School.

Of course, Terri is again taking us on a culinary tour of the Scenic Rim, As always, our Pavilion exhibits showcase the great talents we have on the Mountain.

Get your team together for the Songbirds Rainforest Retreat Tug'O'War, What is a Carnival without rides and side show alley? We have the lot, Top the day off with our wonderful fireworks display. # DJR – PENSKE Racing

Wow – what a day out! I had been very fortunate in scoring a 2 lap ride with DJR – Penske racing at Queensland Raceway, from a very close friend at “All Ears In Hearing” (a supplier to the racing team). I arrived on the day sporting my MOCA red polo shirt to this time trial day (the colour just seemed to blend in). There was a total of 50 invited guests on the day (mainly sponsor’s members) - we all waited and watched the test laps were being done on the cars, as the motors and tyres were warmed up.

After having a nervous relief in the bathroom, I was suited up (racing overalls, helmet and gloves). My position was ride number six. I studied the five prior to me as they got out of the car’s - they all had big smiles on their faces.

There are 37 team members on the DJR team – all with their individual jobs, from mechanics to computer techs watching a wall of computers, monitoring every single detail of the two cars. A very professional team – all with a winning attitude.

The moment came for my turn! Now getting into the seat of race car, is a lot like getting into the Mustang i.e. leg in, then backside first. The first thing you notice is the full roll cage inside, then the technology of dials, buttons, levers, lights etc. Harness fully tightened around me – I couldn’t move! The motor roared into life as we cruised down pit lane, then pedal to the metal and I was fully thrust back in my seat. Down a long straight, then our first corner – wow, those brakes really do work! As we drifted around the corners, then powered out, I felt the G force then was tossed around in my seat, like a rag doll (*and I thought I couldn’t move in my seat*). Another long straight – 250 k’s per hour. Wahoo! At the end of the straight another bend and more corners - here we go again. My driver, Alex put his thumb up on the dash board and I put mine up there with his. As we came in from the last lap we “high five” fistbumped each other. He was laughing – I was as well, in between my wahoos and wows! What an adrenalin rush – what a hoot, an absolute blast! A once in a lifetime experience, made memorable by the professional team at DJR – Penske racing.

I got out of the car and yes I had a big smile on my face, just like the five before me. Mind you after getting out of the race gear, I had to sit for a while, have a bottle of water and let my heart rate come down before driving away from this fun day. This is another one I can now cross off my bucket list – a truly awesome experience. To think, if I hadn’t got hearing aids – this would have never happened!
