Pony Express

Australia Post Account

First Data Merchant Statement

Office of fair-Trading Receipt

### OUTWARD CORRESPONDENCE:

**MEMBERSHIP DRAW:** Linda Allen

**MAGAZINE:** Still at the printers as this was an early meeting due to Christmas.

**MERCHANDISE:** See Ed if you would like to order any merchandise.

**RUN CO-ORDINATOR:** The run to Somerset was a huge success and Neil said that he didn't lose a single car. The report is in the magazine. Next run is the Saturday night Fish & Chips run to Shorncliffe. February maybe to Cleveland. March will be the memorial run to Murphy's Creek. He also advised that Beachfest will be on again in June.

There was also some interest in an overnight run. Neil will look into this.

**OTHER EVENTS:** Details of other events are available in the magazine and on the website.

**MID-MONTH RUN:** Report in magazine.

**BAR REPORT:** Well Stocked. Alan opened the bar at half time for members to have a Christmas drink.

**SOCIAL DIRECTOR:** Sue was not at the meeting, but Ed had provided raffles for the night. Thanks Ed. Hopefully, we will be able to recommence the sausage sizzle at the January meeting with Harry again as our chef.

**MEMBERS PRESENT AT THE MEETING WHO ARE CELEBRATING BIRTHDAYS THIS MONTH WERE GIVEN AS FREE TICKET IN TONIGHT'S RAFFLE :** Robyn Messenger & Neil de San Miguel

**QHMC:** John was not at the meeting, but there was a report in the magazine.

**NATIONAL DELEGATES:** Martin told the meeting that the 2022 Concours would be in Adelaide, all going well with Covid eradication. 2023 would be in Queensland.

## GENERAL BUSINESS:

**Code of Conduct:** Alan expressed his thoughts that we should have a code of conduct in our new bylaws which are currently being perused. A lot of motions have been passed over the years and we need to have these documented apart from being in the minutes when the vote was taken. These will go onto the website when finalised.

**Associate Membership:** This is a WIP. Several members have volunteered to liaise with the management committee to see if this manageable. There have been a few suggestions and once we have a working model it will be put to the members for approval or otherwise. It was suggested that Tony Kilvington be approached for his input.

**Christmas Party:** Linda Allen expressed her thanks for an excellent event with most other members echoing her sentiments. Apart from the weather which we couldn't control, it was an excellent day, especially for me as it was the first time since her refurbishment that my car had been on a run. Our Vice President Ed really excelled himself with the catering especially as the original caterers pulled the pin a week prior to the event. Sue also played Santa and had a gift for everyone, with some members exchanging their coasters for ones more suited. I was happy to get Darcy Doyle ones as I have always admired his paintings.

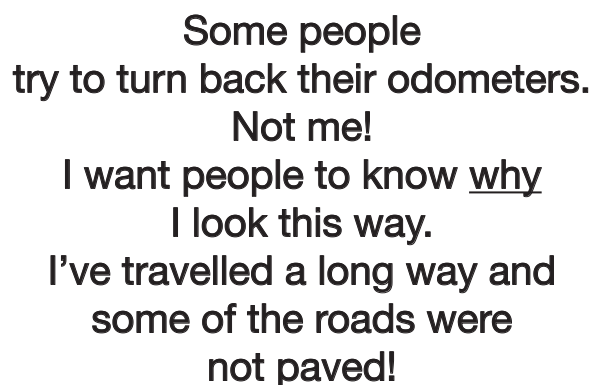

**RAFFLES:** 1<sup>ST</sup> Gary Stubbs, 2<sup>nd</sup> Robyn Messenger, 3<sup>rd</sup> Ric Dunford, 4<sup>th</sup> Harry S, 5<sup>th</sup> Peter Buckingham

Next Meeting: 27<sup>th</sup> January 2021 @ 7.30pm.

Meeting Closed @ 9.10pm

Margaret Moran

## From the President,

Welcome to the January 2021 Magazine

**The Club is now holding regular meetings at the club rooms**, but due to the recent events we have decided to be cautious and just hold a meeting, **NO BBQ, therefore the meeting will commence at 7.30pm.**

Our COVID -19 rules will still apply

1. All members on entering the club room must first sign the register and read the Covid-safe rules for the clubroom.
2. Given the floor area in the club rooms we are restricted to the number of people who may attend.
3. The bar will be open but please limit numbers at the bar.
4. Tea and coffee will be available.
5. Social distancing **must** be observed.
6. It is strongly recommended that any member in frail health does not attend
7. Of course, these guidelines are subject to further Government health directives
8. **Any person displaying flu like or Covid-19 symptoms MUST NOT attend.**
9. **Feel free to wear a mask even if they are not currently compulsory.**

My photo (it really is me!) this month is the result of a crabbing trip; only the legs are eaten - warm just after cooking with crusty bread, a few beers and some ice-cold Vodka.

Well, the Christmas - New Year period has been quiet, family and heat, as a result I have little to share with you.

The Fish and Chips evening had to be postponed due to the Pandemic Lockdown. This was a real shame given all the work Neil had put into the event finding a venue that would provide shelter in the event of rain but still had a view of the sea. So instead of cancelling we decided to postpone to a later date.

And the later date is - **Saturday February 6<sup>th</sup> our next scheduled run.** The destination is Scarborough, the details of this run are published further in this magazine.

Please **Stay safe and Play Safe**

**Alan Messenger. January 2021**

**From the Editor - A very thin Magazine this month folks,**

**I would ask all members to search for interesting articles that can be used in future editions.**

## CLUB RUN CALENDAR

The Club calendar is designed to assist members planning ahead for designated runs and Club related activities. Club Person of the Year points are assigned for these events. The Club Run is generally held on the 1st Sunday of each month with a "rain date" set for the following Sunday. If for any reason there is a change to an advertised run, details will be in a Coming Events page on the Club website at [www.qld.mustang.org.au](http://www.qld.mustang.org.au)

The Club Calendar lists designated events / activities and these are therefore recognised as sanctioned Club Runs. Points towards Club Person of the Year are only awarded for attendance at the official 1st

## Mid Week Run Report Pit Stop Cafe Mt Mee

We met at Shell Nudgee at 10am and departed at 1030am with 11 cars which included a couple of new members.

Before leaving I briefed everyone on the current situation and informed everyone that the cafe stipulated that masks must be worn at all times except when eating and made sure everyone had one before we left the servo.

We had a nice run up the windy mountain and arrived at 1130am, where we met up with two more couples that joined in who lived near by.

After signing in and putting our masks on we were shown to our tables which overlooked the valley below and had the most breathtaking views.

I could have just sat there all day in the peace and serenity of the place.

We enjoyed a lovely lunch although it was a limited menu due to only one chef being on as they had been very quiet the last week or so. Never the less everyone enjoyed their lunch and we had a great day with lots of banter and laughter .

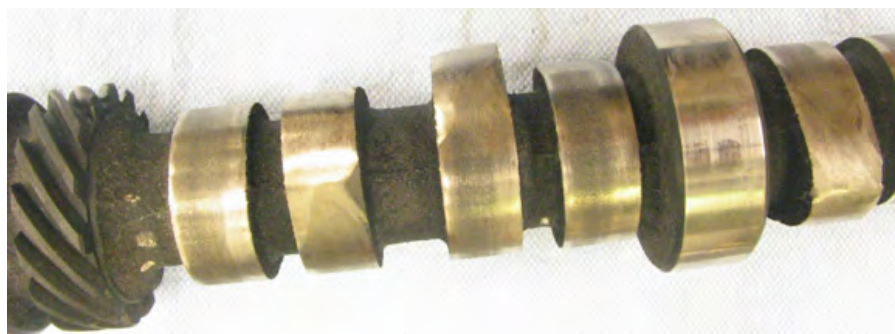

Thank you to everyone who came along and a big welcome to the new members who had a great time and can't wait for the next one in February!

Thanks ,  
Georgina Elliott-Nelson

## Classic Mustang Engines and ZDDP

Mustangs, other higher powered muscle cars and some vintage cars operate under a different set of conditions to those of the modern the daily driver. Depending on the engine vintage, the camshaft may feature flat-tappet lifters (solids or hydraulics) and/or may run higher-than-stock valve spring rates, in a flat-tappet or roller cam setup. Older engine designs may also feature a two-piece rear main seal, these can weep with the modern full-synthetic oils. Further, these vehicles may often experience limited use with extended periods of storage. A result of all these factors, is a need to carefully select the proper engine oil for this specific application. There is a critical need to protect flat-tappet camshaft engines with the proper levels of zinc phosphate oil additives. The problem is that the bulk of both non-synthetic and synthetic off-the-shelf engine oils have been manufactured to follow recent EPA mandates, with no concern for the needs of older engines with flat-tappet cams.

The result of running a flat tappet camshaft using an oil without sufficient ZDDP

In the 1960s, when high-performance flat-tappet camshafts were common, ZDDP featured a zinc level of 0.07 percent. At that time, new camshafts were phosphate-coated as well, the combination worked well to protect new camshafts and lifters from premature wear, especially during break-in. In the 1970s, zinc levels increased to 0.09 percent as ZDDP is also an excellent antioxidant. As engines became more powerful, oil formulations changed becoming more complex, with more specialised additives such as friction modifiers, antifoamers, antioxidants and detergents. In the 1980s friction modifiers gained further popularity to aid fuel economy, with zinc content increasing to 0.2 percent in engine oil.

Unfortunately, Phosphorous (P) is a well-known for “poisoning” catalytic converters as a result reducing their effective life. In 2000, the limit for P in engine oil has been reduced to 0.10 percent, at the same time dropping the zinc level. In 2004, P dropped, to 0.08 percent, with zinc down to 0.09 percent.

Effectively this means that the current off the shelf oils will not meet the engine protection needs of classic Mustangs without special precautions being taken during the engine build and run in.

Unfortunately, in Australia we have few options, most oils specifically formulated for Classic vehicle are manufactured in the US, Royal Purple, Lucas and Penn and Castrol in the UK. However, Penrite is now offering several oils in Australia that will meet classic Mustangs needs, these being Classic light 20W-40 or HPR 20WW-60 both contain high levels of ZDDP.

## INTRODUCING OUR LATEST CAR CARE CREATIONS

### THE WASH PILLOW

Our big wash pillow uses the latest three yarn microfibre for fast, safe and scratch free washing.

### SHAGAMITTASTIC WASH MITT

For real enthusiasts who can appreciate the satisfaction in doing a good job by hand.

### WIPE OUT

A windscreen washer additive that vaporises away with no streaking or smearing, for perfectly clean windscreens.

### WET DREAMS

Our easiest and most protective spray on and rinse off product, it's awesome and very addictive!

## DEVELOPED AND PERFECTED ON ALL OUR BEASTS

Our 1965 rally spec GT350 is one of the many animals we test our car care formulations on. It can take months, even years of evaluating and reformulating before we approve any product. Each formulation is a handmade creation of the highest quality, to ensure you receive a product that you will love to use as it beautifies, nourishes and protects your car from Australia's harsh climate. We are an Australian family owned company, who live and breathe the car culture, so you can be assured you are getting nothing but the best when using anything with our name on it.

**We tried everything. We now make our own.**
