## From the President,

Welcome to the March 2021 Magazine

**The Club is now holding regular meetings at the club rooms, a premeeting BBQ will be available from 6.30pm ready for meeting start at 7.30pm.**

Our CV-19 rules will still apply

1. All members on entering the club room must first sign the register and read the Covid-safe rules for the clubroom.
2. Given the floor area in the club rooms we are restricted to the number of people who may attend.
3. The bar will be open but please limit numbers at the bar.
4. Tea and coffee will be available.
5. Social distancing **must** be observed.
6. It is strongly recommended that any member in frail health does not attend
7. Of course, these guidelines are subject to further Government health directives
8. **Any person displaying flu like or Covid-19 symptoms MUST NOT attend.**
9. **Feel free to wear a mask even if they are not currently compulsory.**

The planning of a run to Bundaberg (The Rum Run) in June is now well underway. So far members with 24 cars have expressed interest, but we have room for more. The run will be a 3-day 2-night event, at this time the main group will leave Brisbane Saturday morning and return Monday. However, some members want leave Friday, some want to return Sunday others want to stay longer, that's OK, we can accommodate all variations around the key date. The closing date for expression of interest is APRIL 7<sup>th</sup> see the flyer later in the Magazine.

Our Club is, as the name implies is a club of Ford Mustang owners that has been providing fellowship and focus for members since 1980. It is the members who drive the club, it is also you the members who publicise the club and drive the comradery. So, I ask you not to be anonymous at club meetings and runs, please wear your name badge and either a club shirt or MOCA concurs "T" shirt. You joined our club to celebrate the Ford Mustang and meet like minded people so let us all make the effort to put the Pony out there. As a minimum, wear your name badge and a Mustang shirt whenever possible on runs or at meetings.

We as club welcome visitors to our club, these may be friends, family or extended family members and members of the public who want to know more about Ford Mustangs and are considering joining. That being said there is a limit on how many times a visitor can attend any of the club events, general meetings, monthly and mid-week runs in a year. Naturally children of current members are excluded from this rule and are welcome to join us anytime.

After deliberations and consultations with previous management committee members, it has been decided to place an **annual limit on attendance by visitors at MOCA meetings and runs to 3 meetings and or 3 runs**. Once this grace period has expired the visitor must either apply to become a member of MOCA or is no longer welcome to attend MOCA Club member events.

The next run will be on Sunday **April 4<sup>th</sup>**, to Colleges Crossing, full details of this run are published further in this magazine. Please ensure you RSVP Neil if you are attending.

Please **Stay safe and Play Safe**

## March Club Run Report

Hi members,

I had hoped that this run, being the annual combined memorial would attract a lot more members, however it was not so! Still, we had a reasonable turn out with 14 cars from MOCA Qld making the effort to get out and have a great motoring day.

The lead car on this run was a Dodge Hellcat driven by a friend of mine as I had my right hand in plaster from a small operation.

We departed from the BP at Archerfield and headed off through the Urban roads of Springfield then through the countryside via Grandchester, Rosewood, Laidley Heights to the Gatton Motor Museum, the traffic was very light which always makes any driving more enjoyable.

On the way to Grandchester, the rain was trying to dampen our day but luckily it held off. We met up with the Pony Club at the Museum, and soon we all filed in for the tour behind our guide.

There was a great collection of trucking and local area history on display. On completion of the museum tour, the rain decided to join us, and there was a scurry to put the convertible tops up. Luckily it was only a dust settler, when the shower was over, we headed back on the road for the short drive to the Floating Café for morning tea.

After a coffee and nibbles our morning tea break was over, and we were once again motoring off up the new Toowoomba Bypass road before we turned right to head up the range to Spring Bluff.

A red-light road works stop was handy to bunch the herd up. Once on the move we slowly climbed the back range to Spring Bluff, as there were not any buses running there was plenty of parking available.

We settled down for lunch in the shaded picnic area, BBQ smoking, lunches sorted, the locals even came to inspect our gathering!

I would like to thank Lyn for the composing and reading of the remembrance blessing.

I would also like to thank Jose from the Pony Car Club for rallying and organising their members

Neil.de San Miguel  
Run coordinator  
See you on the next run

~And on conclusion of the return trip so ended another great motoring day ~  
~Stay Safe~

## Servicing Advice

### Checking your steering “Rag Joint Coupling”

This is just a simple guide to identify if your steering rag joint coupling in your older Mustangs, needs to be replaced.

Understanding it's always best to obtain direct advice from your local mechanic. In addition, my recommendation is that this work be done by a qualified mechanic if it does need replacing. Not only that, they are a pain to get to in most cars.

The simplest way to check if your rag joint is in need of replacing is:

1. Your check for ANY free play movement in your steering wheel, this may not necessarily mean that it's only a rag joint issue, but it's a good place to start.
2. Have two people, one in the car, very slowly moving the steering wheel from one side to the other. The other person looking for loose movement and flexing in the rag joint itself. It should be stiff and have very little flexing.

Back in the day, poor rag joints were the cause of many accidents , so be sure to check / replace them periodically.

## CLUB RUN CALENDAR

The Club calendar is designed to assist members planning ahead for designated runs and Club related activities. Club Person of the Year points are assigned for these events. The Club Run is generally held on the 1st Sunday of each month with a "rain date" set for the following Sunday. If for any reason there is a change to an advertised run, details will be in a Coming Events page on the Club website at [www.qld.mustang.org.au](http://www.qld.mustang.org.au). The Club Calendar lists designated events / activities and these are therefore recognised as sanctioned Club Runs. Points towards Club Person of the Year are only awarded for attendance at the official 1st Sunday month Run (or Saturday where appropriate).

## Member Profile - Gary Budden, Bahrs Scrub, Logan

I have a 1965 Ford Mustang Fastback 2x2 - A code in Rangoon red, it has had the 289 original motor rebuilt to K code specs and has a 4-speed manual, it is left hand drive and fully registered in Queensland.

I purchased it from a fella on the northside of Brisbane, I was on my way up to the sunny coast to buy a 1951 Chevy but thought I would drop in and check the Mustang out, well I fell in love with it straight away and brought it after a test drive of course, the owner of the Chevy was not happy, but that's life aye.

Once I got the car back home it soon became evident that it wasn't road worthy at all and so the work began, just as well I can do it all myself, I have replaced the fuel tank to a long range tank, all shocks front and back, the diff seals, new brake shoes and slave cylinders in the rear, new handbrake cable, new gear linkages, new front brake callipers and disc pads, added a brake booster, new wheels and tyres, new carburettor, new tappet covers and caskets, New exhaust header gaskets, new radiator, installed the original fan on the motor, put the distributor in the right way and retimed the motor as it was 180 degrees out, fixed the firing order, serviced it, new steering linkages and ball joints, new steering wheel, new carpet, new door sill plates, new fuel cap and

tubing and had a full respray back to the original colour.

I only have to recondition the steering box as it has a leak and maybe the gear box, diff, and drive shaft just to be sure, they are working fine though, I am nearly there and will do the rest in between outings.

I love driving the car as it is left hand and manual, I get a lot of looks, thumbs up and even people filming me as I drive down the motorway, I like the fact that I can talk to another driver when I am in the right lane at the lights.

I joined the MOCA Qld club so I could make new friends and share common interests with people who are petrol heads like myself and to share knowledge and gain information for those much wiser than myself.

Unfortunately, I have not been on any runs or meetings yet as the car has been at the spray painters for three months but now I have it back I will be there with bells on.

Please feel free to come and say hello if you see me, I look forward to meeting you all.

## Members Profile - Craig & Kylie Hastie

Hey,

So, our names are Craig and Kylie Hastie from Mundoolun.

1964 and a half convertible

2018 Fast back.

Both cars where purchased in 2020.

My wife and I are Ford enthusiasts. I was born into a Ford family.

The two different eras. One with a roof and the other with no roof.

Joined MOCA about a month ago and wanted to carry on a legacy for the passion of a close friend and Mustang enthusiast who passed away recently.

Thanks

Craig

## **MEMBER PROFILE**

### **Mike Toppin & Sophie Cavanagh from Redland Bay**

Our Mustang is a 1995 GT convertible, just purchased through good old Gumtree three weeks ago. The amazing coincidence was that the vendor sold me my Ford Capri Turbo Convertible 12 months prior (This vehicle has since been sold)

She is in good condition being the last of the 5 Litre V8's as they changed to 4.6 OHC the next year. I imported a new hood from CJ pony parts in the US along with all new hydraulics, which is in the process of being installed now, so unfortunately will be off the road until the new year.

We joined the club recently as we enjoy very much the social side of the car club scene after being a member of the "Blackall Range Horseless Carriage Club" on the Sunshine Coast for several years.

We really enjoyed our outing with the Mustang Owners Club - so far, a very friendly group, attended the Garage 25 & St Bernard's runs & look forward to many more in the coming year.

Cheers Mike & Sophie

### ***Points to Ponder***

*You pay for it, you service it, you pay for updates so you can tour it, and on and on, but you NEVER own it, you only have possession of it for a while. It is your duty, your responsibility to make sure it survives for the next generation.*

*The car belongs to history!*

*Enjoy it, but make sure you do your part for the next generation!*

## DEVELOPED AND PERFECTED ON ALL OUR BEASTS

Our 1965 rally spec GT350 is one of the many animals we test our car care formulations on. It can take months, even years of evaluating and reformulating before we approve any product. Each formulation is a handmade creation of the highest quality, to ensure you receive a product that you will love to use as it beautifies, nourishes and protects your car from Australia's harsh climate. We are an Australian family owned company, who live and breathe the car culture, so you can be assured you are getting nothing but the best when using anything with our name on it.

**We tried everything. We now make our own.**
