

MOCA (QLD) President's report

November 2024

Unfortunately, Robyn and I could not attend the November meeting as we both had the Flu, (I was assured I had given it to Robyn, I am such a caring person).

The Christmas party ably organised by Marice and Ray was an outstanding success, the venue was great, the food was superb and plentiful except for Pavlova's if you were near the back of the queue! It was interesting that we had over a quarter of our total membership at the event, as I said before a great success, thanks Marice and Ray.

The following was received from the Breast & Prostate Cancer Association. Queensland

Dear Alan,

As President of the BPCAQ I would like to thank you and the Mustang Owners Club of Australia (Qld) for the very generous donation of \$6,000 to the BPCAQ.

We will be mentioning the donation in our Newsletter coming out later this month. I hope you have been able to read of the funding and support we give to rural communities in Q'ld, for those suffering from breast and prostate cancer.

With great appreciation of your support to us, and please thank the Club members.

Kind regards,

Gina

President BPCAQ

Gina Fairfax

The **December meeting will be held one week earlier on the 18th**. I will be at work in PNG, so the meeting will be conducted by the VP Neil.

And in closing we need members to consider nominating for roles in the club, I will not be standing for President next term as I have now had several terms in the role.

Have a Very Merry Christmas and Safe and Happy New Year

Cheers

Alan M
